## Product Description

This fiber distribution system was designed with legacy installations in mind. We offer a comprehensive line of adapter panels (26 pre-loaded configurations) that easily install into any of our rackmount or wallmount enclosures or panels. Constructed with steel, each adapter is pre-loaded with a feed-through mating sleeve that serves as the intermediate connection between the backbone and your patch cable. Simply select your connector type, then plug-and-play.

**WARNING:** Cancer and Reproductive Harm [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov)
