CT3975B : Probe Body w/Locking Cap, 3900B Series UL, B/R Pair

Probe Body w/Locking Cap, 3900B Series UL, B/R Pair

Black and red pair of compact DMM probe bodies with Ø2 mm (.080") x 19 mm (0.75") probe tips. Cal Test's 3900B Series probe family provides performance and safety for multimeter applications.

With safety caps installed, the probes provide 1,000 V CAT III / 600 V CAT IV protection per UL 61010-031. Remove the caps with a small tool to access to the standard 2 mm tip and attach a family of tip accessories that snap-lock to the probe bodies for secure connections.

Bodies accept 4 mm sheathed banana plug test leads.

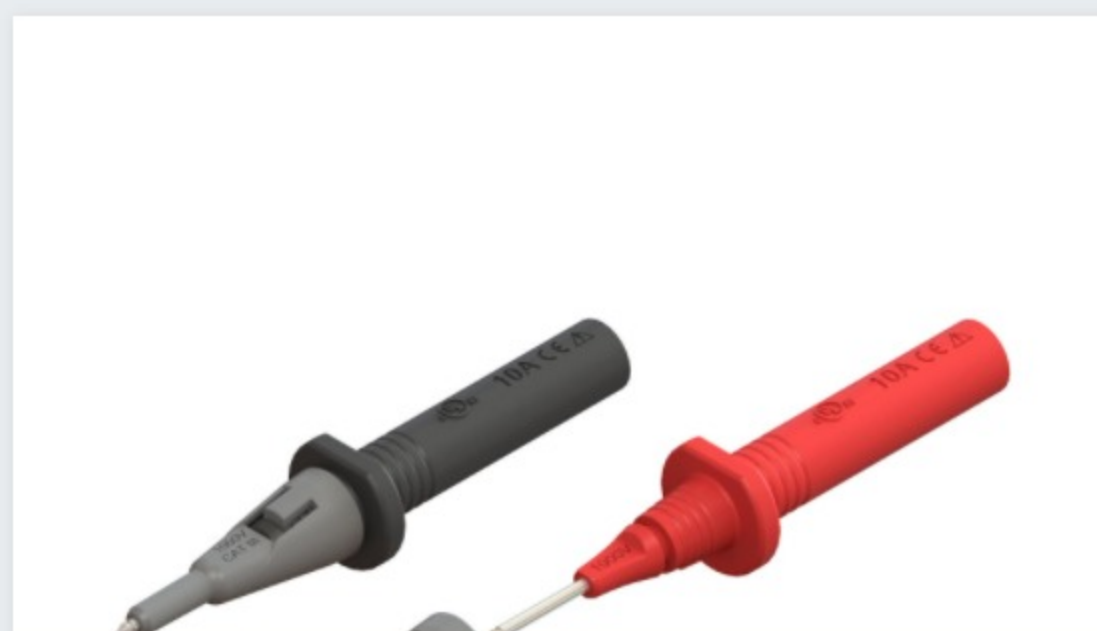

Features:

- Grey locking cap for compliance with safety standard UL 61010-031
- Compact size bodies: 75 mm (2.96") length
- Tips: Brass, Nickel Plated
- Tips fits North American power sockets

Optional tip accessory pairs that snap-lock to the probe bodies:

- Extended Tips Model CT3941B
- Alligator Clips Model CT3943B
- Spade Lugs Model CT3945B
- Sprung Hooks Model CT3947B

Warning: The exposed tip without safety cap limits the probe to CAT II measurement categories.

UL Rating	1,000 V CAT III / 600 V CAT IV
Current Max	10 A
Temperature	-20° to +80° C
RoHS 2 (2011/65/EU)	Compliant
