

# Radiant Light Film

## CM592

Technical Data

June, 2006

**Product Description** 3M™ Radiant Light Film CM592 is a premium grade multi-layer polymeric film. The polyester (PET) surface can be embossed, die cut, sheer slit, precision cut, surface treated, dyed, coated to be heat sealed, coated with adhesive, printed and extruded into plastics.

**Performance Properties/Characteristics** **Note: The following technical information and data should be considered representative or typical only and should not be used for specification purposes.**

Property	Units	ASTM Test	Typical Value
<b>Optical</b>			
Transmissive Color (varies with viewing angle)			Cyan / Blue / Magenta
Reflective Color (varies with viewing angle)			Red / Gold
Transmission, normal angle		E1164-94 / E387-95	
L* (L-star)			66 to 92
a* (a-star)			-56 to -12
b* (b-star)			-43 to -1
Bandwidth (absorbs below 400 nm)		3M	
Left Band Edge	nm		590
Right Band Edge	nm		740
Usage Angle (color varies with angle)	degrees	3M	0 to 90

**Typical Physical Properties** **Note: The following technical information and data should be considered representative or typical only and should not be used for specification purposes.**

Property	Units	ASTM Test	Typical Value
Thickness	mils (µm)	3M	1.3 (33)
Tensile Strength	lb/in	D-882	> 20
Elongation at Break	%	D-882	> 60
Heat Shrinkage, 150°C, 15 min	%	3M	< 1.5
Density (Yield)	yd <sup>2</sup> /lb (m <sup>2</sup> /kg)		11.8 (21.8)
Maximum Use Temperature	°C		125
<b>Roll Configuration</b>			
Maximum Width	in		56 or 28
Length	yd		3,000
Core	in		6 (paper)
Splices	# per roll		2

Protection from sunlight radiation wavelengths less than 380 nm is required.

### Features

- Reflective color film, depending on angle.
- Metal-free, non-corroding, non-conductive.
- Thermally stable, low shrinkage, maximum continuous use temperature up to 125°C.
- Suitable for applications requiring coverage of large surface areas, high clarity and brilliant visual appearance.

# 3M™ Radiant Light Film

CM592

## Application Ideas

- Typical decorative applications include packaging, display, gift wrap, ornaments, custom thread, yarn, glitter, etc.

## Typical Spectral Response

## Product Use

All statements, technical information and recommendations contained in this document are based upon tests or experience that 3M believes are reliable. However, many factors beyond 3M's control can affect the use and performance of a 3M product in a particular application, including the conditions under which the product is used and the time and environmental conditions in which the product is expected to perform. Since these factors are uniquely within the user's knowledge and control, it is essential that the user evaluate the 3M product to determine whether it is fit for a particular purpose and suitable for the user's method of application.

## Warranty and Limited Remedy

Unless stated otherwise in 3M's product literature, packaging inserts or product packaging for individual products, 3M warrants that each 3M product meets the applicable specifications at the time 3M ships the product. Individual products may have additional or different warranties as stated on product literature, package inserts or product packages. 3M MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR ANY IMPLIED WARRANTY ARISING OUT OF A COURSE OF DEALING, CUSTOM OR USAGE OF TRADE. User is responsible for determining whether the 3M product is fit for a particular purpose and suitable for user's application. If the 3M product is defective within the warranty period, your exclusive remedy and 3M's and seller's sole obligation will be, at 3M's option, to replace the product or refund the purchase price.

## Limitation of Liability

Except where prohibited by law, 3M and seller will not be liable for any loss or damage arising from the 3M product, whether direct, indirect, special, incidental or consequential, regardless of the legal theory asserted, including warranty, contract, negligence or strict liability.
