## <u>UMCC female-to-female cable</u> <u>adapter</u>

PID: MIKROE-3999

The UMCC - Ultraminiature Coax Connector is an ultra low profile coax female to female interconnect solution that meets the ever growing demand for miniaturization in next generation wireless applications. UMCC cable are available as double-ended jumpers and interseries assemblies, and PCB jack receptacles for board mount applications. This adapter is perfect fit to be used with our NFC extend Click and any of existing RFID/NFC antennas (link ka antenatal u shopu).

Mikroe produces entire development toolchains for all major microcontroller architectures.

Committed to excellency, we are dedicated to helping engineers bring the project development up to speed and achieve outstanding results.

health and safety management system.
