

## **Technical Data Sheet**

## USB 2.0 10-Port Industrial High Power 2.1A Charger Hub

**Model Number: USBG-10XU1** 

CM-10XU1 is a 10-port USB Hub with Charger, a smart solution for charging or sync of several iPads, iPhones, iPods and USB charging devices operating simultaneously. This is a perfect tool to eliminate the jumble of wires and chargers and also is ideal for large capacity USB station in-house for automated duplication tasks. Places such as school's class room, businesses conference or meeting in organizations.

## **Features**

- Compliant with USB specification revision 2.0
- Charges and syncs up to 10 iPads, iPods, iPhones or other USB-charged in charge mode.
- 150W high capacity power adapter and cord supporting self-power.
- Charge virtually any other device that can be charged through a powered USB port.
- Supports High Speed 480Mbps, full speed 12Mbps and low speed 1.5Mbps operation.
- Over-current detection and protection / Surge & ESD Protection.
- Extend up to optimum 30 USB devices by connecting cascade port with other USB 2.0 charge hub(s).

## **Product Information**
