## **Fast Rectifier Surface-Mount**

# eSMP® Series

23019

### **LINKS TO ADDITIONAL RESOURCES**

**SMF (DO-219AB)** 

#### **FEATURES**

Glass passivated

 Meets MSL level 1, per J-STD-020, LF maximum peak of 260 °C

Meets JESD 201 class 2 whisker test

• Wave and reflow solderable

• AEC-Q101 qualified

 Compatible to SOD-123W package case outline or SOD-123F and SOD-123FL

 Material categorization: for definitions of compliance please see <a href="https://www.vishay.com/doc?99912"><u>www.vishay.com/doc?99912</u></a>

#### **MECHANICAL DATA**

Case: SMF (DO-219AB)

Polarity: band denotes cathode end

Weight: approx. 15 mg
Packaging codes / options:
GS18/10K per 13" reel (8 mm tape)
GS08/3K per 7" reel (8 mm tape)
Circuit configuration: single

| PARTS TABLE |                          |         |               |  |  |
|-------------|--------------------------|---------|---------------|--|--|
| PART        | ORDERING CODE            | MARKING | REMARKS       |  |  |
| RS07B       | RS07B-GS18 or RS07B-GS08 | RB      | Tape and reel |  |  |

## **Disclaimer**

ALL PRODUCT, PRODUCT SPECIFICATIONS AND DATA ARE SUBJECT TO CHANGE WITHOUT NOTICE TO IMPROVE RELIABILITY, FUNCTION OR DESIGN OR OTHERWISE.

Vishay Intertechnology, Inc., its affiliates, agents, and employees, and all persons acting on its or their behalf (collectively, "Vishay"), disclaim any and all liability for any errors, inaccuracies or incompleteness contained in any datasheet or in any other disclosure relating to any product.

Vishay makes no warranty, representation or guarantee regarding the suitability of the products for any particular purpose or the continuing production of any product. To the maximum extent permitted by applicable law, Vishay disclaims (i) any and all liability arising out of the application or use of any product, (ii) any and all liability, including without limitation special, consequential or incidental damages, and (iii) any and all implied warranties, including warranties of fitness for particular purpose, non-infringement and merchantability.

Statements regarding the suitability of products for certain types of applications are based on Vishay's knowledge of typical requirements that are often placed on Vishay products in generic applications. Such statements are not binding statements about the suitability of products for a particular application. It is the customer's responsibility to validate that a particular product with the properties described in the product specification is suitable for use in a particular application. Parameters provided in datasheets and / or specifications may vary in different applications and performance may vary over time. All operating parameters, including typical parameters, must be validated for each customer application by the customer's technical experts. Product specifications do not expand or otherwise modify Vishay's terms and conditions of purchase, including but not limited to the warranty expressed therein.
