[Send RFQ](#)

Part Number: [74LVCH16244AEV,157](#)

Worldway Part: 74LVCH16244AEV,157-286041

Category: [Buffers & Line Drivers](#)

Manufacturer: [NXP USA Inc.](#)

Applications: [Automotive](#) [Enterprise systems](#) [Personal electronics](#)

Description: IC BUF NON-INVERT 3.6V 56VFBGA 74LVCH

RoHS:  Lead free / RoHS Compliant

Stock Category: In stock

Stock Resource: Franchised Distributor

Warranty: 1 Year Worldway Guarantee » [Learn More](#)

EDA/CAD Models: [74LVCH16244AEV,157](#) PCB Footprint and Symbol

Delivery:     

Payment:     

74LVCH16244AEV,157(NXP USA Inc.) Description

Additional information about the 74LVCH16244AEV,157: The 74LVC16244A; 74LVCH16244A are 16-bit non-inverting buffer/line drivers with 3-state bus compatible outputs. The device can be used as four 4-bit buffers, two 8-bit buffers or one 16-bit buffer. It features four output enable inputs, (1OE to 4OE) each controlling four of the 3-state outputs. A HIGH on nOE causes the outputs to assume a high-impedance OFF-state. Inputs can be driven from either 3.3 V or 5 V devices. When disabled, up to 5.5 V can be applied to the outputs. These features allow the use of these devices in mixed 3.3 V and 5 V applications. The 74LVCH16244A bus hold on data inputs eliminates the need for external pull-up resistors to hold unused inputs.
